

“Cover Up for Safety’s Sake”

**“Safety is Job #1.
Hard hat, steel-toed
boots, ear protection.
So why not sun
protection?”**

**I protect my skin
and eyes with:**

- long sleeves
- long pants
- gloves
- sunglasses
- a wide-brimmed hat
- SPF 30 sunscreen
and SPF 15 lip balm

**Skin cancers are
increasing in Latinos.
I need to protect
myself from UV, too.”**

- Javier
