

“Cover Up for Safety’s Sake”

“Safety is Job #1. Hard hat, steel-toed boots, safety goggles. So why not sun protection?”

I protect my skin and eyes with:

- long sleeves
- long pants
- sunglasses
- a wide-brimmed hat
- SPF 30 sunscreen and SPF 15 lip balm

With my light skin, I don’t want to become a skin cancer statistic.”

- Terry
